Costs and Guest Count

- Parties are available at 11:30-1:00 or 3:30-5:00
- Weekend parties cost \$450 and weekday parties cost \$350. They include 10 children. Additional children (up to 15 children maximum) are \$30 each.
- Adults are considered chaperones and are not charged (maximum of 45 total guests including children and adults).
- Due to limited space, there is an additional \$30 charge per adult that exceeds the 45 maximum total guest count.
- The final count of children and adults will be made during the party and the balance will be due at the conclusion of the party. All guests are counted whether or not they ride the Carousel, except infants under 1 years old.

Carousel Rides Parties take place during public hours and party guests have a separate line available to enter the Carousel. Wristbands are distributed for unlimited rides throughout the party. Up to 15 party guests can enjoy the Carousel together at a time. Children require adult chaperones to ride the Carousel.

Food and Decoration You are welcome to bring your own simple refreshments and table top decorations.
